MILLSAPS
COLLEGE

Jackson • Mississippi • 39210 • (601) 974-1000

The name *Bobashela* comes from the Choctaw word meaning "good friend." It is expected that all Millsaps students will graduate with an exceptional education. It is a bonus that we will leave here with priceless memories and many cherished friendships.

*The 1995-96 school year
may not have been a very
notable one in many ways.
There were no wars, no
bombings, no earth shattering earthquakes
or hurricanes. All in all it was a quiet year.
At Millsaps, students went about their
business, going to class, studying, going
out - doing the things that college students
do. This is a unique time when we are
sheltered from pressures that we will face
all too soon. The troubles we have are
different; our lives here are different. It is
peaceful yet stressful, quiet yet exciting.
These are wonderful times which we take
for granted. It is a special time and place.*

*H*ours spent in the new

playing at home... watching baseball games

The Panhellenic Council was the governing body of the four NPC sororities on campus, Chi Omega, Delta Delta Delta, Kappa Delta, and Phi Mu. Its main function was conducting Formal Rush each Fall. Panhellenic also sponsored activities throughout the year such as the Faculty/Greek Roundtable, Philanthropic Carwash, Panhellenic Newsletter, and various speakers.

RHO CHI's

Chair: Nan Frascogna

Each year, Panhellenic carefully selected representatives from the sororities to be Rush Counselors, or Rho Chi's. These women disaffiliated from their respective organizations until Bid Day in order to answer questions, reassure, and objectively advise their rushee groups. These groups offered support for the freshmen and provided many new friendships.

IFC

Advisor: David Travis

The Interfraternity Council was composed of representatives from five national fraternities on campus: Kappa Alpha, Kappa Sigma, Lambda Chi Alpha, Pi Kappa Alpha, and Sigma Alpha Epsilon. IFC established the rules and policies surrounding Fall Rush and the men's Greek system.

MP-HC

Advisor: David Travis

This was the founding year of the Millsaps Pan-Hellenic Council, composed of members of Alpha Kappa Alpha, Alpha Phi Alpha, and Delta Sigma Theta. They held a Pan-Hellenic Greek Week to promote their organization with an educational seminar, Ball at Smith-Robertson Museum, Step Show, and After-Hours Party. They conducted a fundraiser at Valentine's Day and participated in the MultiCultural Festival as well.

It's the <http://www.dgb.com> The right
left side of your brain side sees possibility. 
that keeps you from seeing
the future. It can't help
but overanalyze things.
"A bank on the Internet?"
it asks, "Why?" Darn
left side.
"What if?" it asks. "What
if Deposit Guaranty's GNet
spits out banking info like
an ATM spits out cash?"
Gotta love that
right side.

The fact is most employers want someone with experience,
and you can't get experience just from books.

You have to get down in the trenches with the rest
of the workforce and learn by actually doing the job.

Doesn't seem fair, does it?

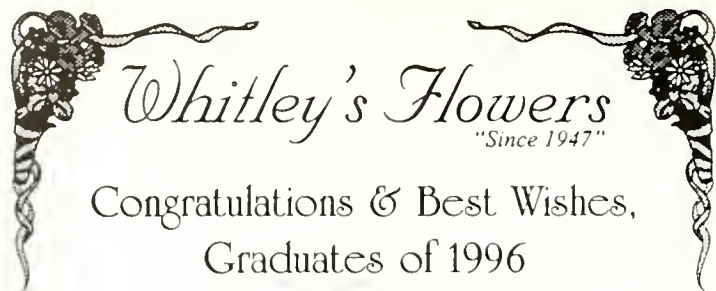

Welcome to life.

WHAT DO YOU THINK?

Do you think the government should abolish affirmative action programs?

I see affirmative action as the most hypocritical movement I can think of. Its object is the reversal of the effects of past racism. It accomplishes this by discriminating on the basis of race and gender – racism. Two wrongs do not make a right.

Paul Roberts

I do not believe that all affirmative action programs should be terminated, but I do see a need for streamlining the system. The circumstances of today do not call for the sweeping and dramatic programs that were needed thirty years ago. Many of these programs have served their purpose, but now they are in danger of outliving their usefulness.

WHAT DO YOU THINK?

Should U.S. military forces be in Bosnia?

It is not an easy yes or no answer, but the United States cannot stand by while atrocities occur again.

Jennifer Jones

I feel very strongly that the U.S. is doing the right thing by sending our troops over there. How is the ethnic cleansing that has been going on any different from the eradication of the Jews by the Nazis? It has been argued that it will be almost impossible to tell who the enemy is over there... easy enough, they will be the ones shooting at us. This is what our boys are trained for. Our involvement has been too long coming.

W.E. Simmons

WHAT DO YOU THINK?

What should be the issues in the 1996 U.S. presidential race?

The platform of this year's race should be the emphasis on a much needed value system, not necessarily traditional values. The changing family situations deserve a little attention.

Lysa Holsomback

The future of the economy and the downsizing of the middle class.

Theo Williams

I think that the prison system should be reformed. There are too many criminals getting off free while innocent people are rotting in jail. Prisoners should be treated like prisoners. Also if you murder someone, you should remain in jail without the possibility of parole.

Colophon

Volume 88 of the Bobashela was printed by Herff Jones Yearbook Co. in Montgomery, Alabama. Our wonderful in-plant consultant was Debbie Kennedy and our local representative was Chris Coleman, who was equally helpful. The book was 160 pages. They were prepared on Macintosh computers using PageMaker 5.0. The press run consisted of 710 copies.

*GRADUATION. The
 exhilaration of passing
 comps... getting fitted for
 cap & gown... mailing
 invitations to relatives
 you never knew you had...
 paying for a 4-6 year collection of
 parking tickets and library fines to
 clear your account with the Business
 Office... going to your last class as a
 college student... expecting a diploma
 and getting a sketch of the Bell Tower
 instead... "three things to remember:
 something to do, someone to love, and
 something to hope for"... tossing your
 cap into the air... becoming an alum...
 waiting for your last yearbook ever...*

*Does anyone ever really
see everything? In
"Our Town" Thornton
Wilder pointed out that
most of us take for granted the simple
pleasures that make life enjoyable. Often,
books have themes. The theme of this book
is the little things that have made Millsaps
worth remembering. It is the students, the
teachers, the staff... it is the people who
make Millsaps unique. Throughout this
book, we have written many short phrases
and sentences to remind you of the simple
things that were so important. Go back and
take another look. We hope you will find
many fond memories. Take time to notice
the things that make life special. There is no
better place to start than with memories...*

Highlights

Classes

*Although the curriculum is very challenging,
think of what you have accomplished here.*

Activities

*Think of all the opportunities you have had
to really make a difference. Could you have
done this anywhere else?*

Sports

*Recall the teammates, the tournaments, the
practices, the rewards of playing athletics at
the NCAA...*

People

*Remember all of the friends that you have
made here. Think about the professors and
staff and how willing they were to get to know
you and help you in any way possible.*
